

Grass + Recycle = Grasscycle

Grasscycling

Saves Time
(no more bagging and raking)

Saves Money
(less fertilizer is needed)

Encourages a Healthy Lawn
(clippings contain valuable nitrogen)

Reduces Yard Waste
(clippings stay on your lawn)

LAWN-BOY

**Program Begins
Saturday April 24, 1999**

**Limited Time Offer
While Supplies Last
First Come First Served**

- Reduce air pollution and yard waste by turning in your old gas-powered mower and buying a new Toro or Lawnboy 24-volt electric battery mulching lawnmower.
- It's quiet, lightweight, and easy to use.
- Buyers must bring in an old gasoline power mower to one of the participating dealers. Buyers need to show ID to prove residency in Solano County.
- For more information call 707-55-EARTH.

Participating Dealers:

- Dixon Power Equipment, Dixon
241C West A Street, 678-6786
- Mad Mowers & Saws, Fairfield
1638 North Texas, 429-5605
- J&W Lawn & Garden, Vacaville
801B Davis Street, 446-7325
- Aloha Service Center, Vallejo
1144 Tennessee, 643-6404

Program Sponsors:

City of Napa, Solano County, Napa County
California Air Resources Board, West Star Distributing
Upper Valley Waste Management Agency,
Bay Area Air Quality Management District, PG&E,
California Integrated Waste Management Board
